

Royal Lancaster Infirmary A&E Department

University Hospitals **NHS**
of Morecambe Bay
NHS Foundation Trust

The work undertaken comprised of the extension and internal reconfiguration of the existing A&E department. The construction carried out in 3 phases entailed

Ph1 - The formation on 17m x 9m single storey extension to the side elevation of the A&E department. The new area provides 5 examination rooms, waiting area, linen and clean utility.

Ph2 - Break through the adjoining building into the existing A&E and refurbishing and improving 4no: resus bays, resus equipment store, plant room and record store.

Ph3 - Refurbishment of the examination and treatment rooms.

Key Aspects

- ✓ In close proximity to the ambulance disembarkation, main hospital entrance, women’s unit and car park.
- ✓ All deliveries and waste disposal before 8am.
- ✓ Full handover / commissioning prior to embarking on the next phase.
- ✓ Site setup within an island to allow bus collection / drop off.
- ✓ Coordinated shutdowns between the hours of 7am – 10am.
- ✓ Daily liaison meetings/ agreed stop/start procedures.
- ✓ New 3 tonne AHU crane lifted and installed to roof as a complete unit.
- ✓ Re-routing of drainage whilst maintaining services to the unit.
